GRADUATE PROGRAMS: TECHNOLOGY FACILITIES MANAGEMENT

Master of Science Degree in Technology Facilities Management Emphasis

Earn a Purdue University Degree Online! Curriculum is based on International Facility Management Association's (IFMA) guidelines!

If you are currently working in the field of facility management (or have an interest in this career field) as a planner, property manager, plant manager, facility manager, plant engineer or other related areas you can enhance job opportunities while earning a formal credential sitting at your computer. This online program is designed for working professionals and can be completed in ONLY 2 years.

You will share a virtual classroom with facility management professionals from around the world while earning a Purdue University degree. This is a unique program that will increase your knowledge and professionalism and therefore, your value as a facilities manager.

“

Facilities management is an exciting career where change is accepted as the norm and new technologies are continually evolving. That's why continuing education is important and advanced degrees add value. Facilities managers must have broad based knowledge and be able to communicate with employees at all levels including the President and CEO. The new degree program at IUPUI is excellent for current facilities managers or individuals that have career goals in this area.

”

Master of Science Degree in Technology Facilities Management Emphasis

The M.S. Degree in Technology, Facilities Management Emphasis is an on-line graduate program designed for the working student. The program provides an integrated experience in facilities management with emphasis on project and contract management, engineering systems management and energy management. The program also requires an independent, directed project in the area of facilities management. Degree Requirements: 33 credit hours with a minimum graduation GPA of 3.0.

Core Subject Areas (30 Credit Hours)

- Energy Management for Buildings
- Facilities Contract Management
- Facilities Maintenance and Operation
- Facilities Planning and Management
- Financial and Assessment Management
- Introduction to Energy, Economics and Business
- Introduction to Facilities Engineering Systems
- Management of Telecommunications Infrastructure
- Project Management
- Quality and Productivity in Industry and Technology
- Directed Project (3 Credit Hours)

Admission Requirements

You may apply for admission to the program, if you:

- Have completed or will be completing a bachelor's degree from an accredited university.
- Coursework or knowledge of trigonometry and statistics.
- Obtained an undergraduate cumulative GPA of 3.0 or higher on a 4.0 scale.
- Have taken the GRE (Graduate Record Examination). General test and obtained scores above the 50th percentile for unconditional admission, or obtained scores above the 30th percentile for conditional admission.

Information about admissions and the GRE can be obtained from:

Office of Graduate Programs
Purdue School of Engineering and Technology
723 West Michigan Street, SL 164
Indianapolis, IN 46202
Telephone: 317/278-4960
Email: facmgt@iupui.edu

International students who are graduates of non-US institutions and whose first language is not English are required to take the Test of English as a Foreign Language (TOEFL). A minimum score of 550 on the paper version or 213 on the computer version is required. For the Internet-based test (iBT): The following five (5) minimum scores must be met: Writing: 18; Speaking: 18; Listening: 14; Reading: 19; and Total score: 79.
